

Housekeeping Reminders

Safety

- Your safety and the safety of others is our highest priority.
- Children and pets are to be supervised at all times.
- Treat all others in the yard with respect.
- Observe all speed limits, 10km in operational areas and 20km on the main road.
- Only park in designated car park spaces.
- All electrical leads, power tools and shore power leads must show evidence of a current inspection (test & tag). Shore power leads must have a minimum IP56 rating.
- Boat stands are not to be moved, adjusted or relocated. Please contact GCCM Operations team 5502 5888 if you need any stands to be moved.
- GCCM stairs and ladders must remain secured to your vessel and are for access only. They are not to be used as work platforms.
- High risk work such as blasting, welding, grinding and spraying can only be done during the hours of 5am and 7pm. GCCM onsite businesses are the only persons allowed to perform this type of works outside of these hours.
- A Hot Works Permit is to be approved by GCCM prior to commencing any work that generates a spark.

Environment

- Nothing but water is to enter the stormwater drains or waterways.
- Clean up your worksite daily as necessary. Charges will apply if GCCM are left to do it.
- Encapsulate to collect all emissions from your works.
- You will be responsible for any repair or delay costs if your works impact a neighboring vessel.
- Use tools that incorporate vacuum attachments as necessary.
- Use the designated recycle bins to minimise waste to landfill.

Bookings

- Advise GCCM of any changes to launch dates as slots are not always available without planning.
- Return scissor lifts when you finish to avoid additional charges by speaking to one of the yard crew or calling the office.
- Resolve any outstanding invoices with GCCM, and GCCM based businesses to avoid delays to launching.
